

Shorts About Service Men

What the Boys are Doing Here and There

Frank Galennie had word that his son, Daryl, has been in the hospital with a back injury. On the good side of the ledger is the report that he has been chosen out of a large group to attend school for special training with the Seabees.

Johnny Saibini of Boca and New York is now entitled to be addressed as ensign, having passed all and sundry exams in the navy at Cornell.

Brother Raymond Saibini is now located with the Military Police Battalion in Mississippi where he is in basic training.

Bill Preston, Fireman Second Class is now strongly entrenched with the Seabees in Virginia.

Tony Besio, in the signal corps, is attached to his company office at Camp White, Oregon, his family has learned. Mrs. Besio is also living in Oregon while her husband is stationed there for training.

Mrs. V. C. Noddin of San Mateo, mother of Carl Noddin, former local boy, now a prisoner in Java, recently received a long distance telephone call from a man in Long Beach who told her he had heard her son broadcast that he was well and as happy as can be in a prison camp. The stranger made a recording of the broadcast and other people, both friends and strangers sent word to the family that they had heard the soldier talk and reassured the parents of their son's health.

Pharmacists Mate Maxwell McGinn visited briefly with his family here Sunday before returning to his post near San Francisco.

Lieutenant Herman Owens is enjoying a bit of skiing during his furlough home for a few days.

MESSAGE READ AT LIONS CLUB MEET

Vern Pearson, roadmaster for the Southern Pacific Company appeared before the Truckee Lions Club last night to explain the need for additional track workers in this area and to ask the members of the club to participate in weekend work. The response was not good, but several have the plan under consideration.

F. W. Galennie read an inspiring message by Harrison Jones, chairman of the board of directors of the Coca-Cola Company entitled Our Fortification—Fortitude. The patriotic talk ended "We may bend, but we will never break."

President Elden Tonini was in charge of the session. Nineteen, including Guest Nat Quilici, attended.

BRUNK TAKES ON TEXACO AGENCY FOR THIS REGION

Charles Brunk, owner of the Donner Garage this week became manager of the Texas Oil Company in this district, replacing Robert Gifford who has gone to war. Brunk purchased the equipment and will carry on the work of agent with his management of the garage which is one of the principal Texaco outlets here.

YOUTH HELD HERE ON DRAFT CHARGE

Byron Hazel, 20, East St. Louis, Ill., was arrested by hie state highway patrol last night and is being held pending an investigation of the registration of the car he was driving. Hazel did not have a draft card and this too is being investigated.

NEW OFFICERS OF KNIGHTS INSTALLED

Nat Quilici was installed at the chancellor commander of Summit Lodge No. 54, Knights of Pythias at the meeting held Friday night with A. P. Fontana acting as grand chancellor and O. T. Schumacher as the grand master at arms and Dr. C. C. Cozzallo as grand prelate.

Other officers installed were W. H. Laity, vice chancellor; Walter M. Barrett, prelate, pro tem; Frank W. Galennie, master of work; W. M. Englehart, Sr., keeper of records and seal; J. F. Lichtenberger, master of the exchequer; George Pace, master of finance; W. M. Englehart, Jr., master at arms; Frank Kuse, inner guard and A. R. Ghirard, outer guard. A feed at Tony's followed the session.

Fallen Leaf Bus Service Will Be Suspended

SAN FRANCISCO, Feb. 18.—The state railroad commission has authorized the Pacific Greyhound Lines to suspend seasonal passenger stage operations between Ukiah and Upper Lake and intermediate points in Lake county, and between Camp Richardson and Fallen Leaf Lodge in the Lake Tahoe area in El Dorado county.

An airmail letter this week from Fireman Second Class Adolph S. Schmidt now on the Pacific with the fleet in the Pacific who wanted "to take this opportunity to extend to all my Truckee friends my deepest appreciation for the parcel which I received at Christmas time. It does one good to know he is not forgotten. He also expressed thanks for the Sierra Sun which he receives "quite regularly." It is the best way of keeping track of my old school chums, Adolph writes. Your column on the doings of the boys in service is perhaps the most interesting to us in the service.

Then, too, we were glad to hear from our old friend, Billy Waters, now seaman first class, if you please, who is also on the prow for the Japs in the Pacific. As usual Billy's letter was brief but he admits missing skiing.

"Tell everyone hello for me," he concluded his letter.

Floyd Clark had a letter from son Lloyd informing him that he has completed shore training and has been assigned to active duty in the Pacific. His brother, a three-year veteran with the troops in Alaska, is still hoping for a leave to visit his home here.

MRS. AGNES GREENE FETED AT PARTY

Mrs. Agnes Greene was the honoree at a social evening given by her son, Lloyd A. Greene and Mrs. Greene at their home Saturday night. In addition to members of the family the guests were Mr. and Mrs. V. L. Deaton, Mr. and Mrs. G. E. Hofmann, Mr. and Mrs. C. B. White, Mrs. Hannah Stewart, Mrs. Elizabeth Baxter and Mrs. Lotta Bryant. Mrs. White and Mrs. Bryant received awards at contract and Mr. and Mrs. Deaton at pinocle.

Refreshments were served including candle-lighted individual birthday cakes honoring the birthdate of Mr. Deaton.

Greene accompanied by his mother motored to San Jose Sunday to visit relatives and returned Wednesday. Mrs. Greene proceeded on to Los Angeles to be with her mother Mrs. L. J. Page for a few months.

BOTTLES LEAVE AS GAGES RETURN

Mr. and Mrs. Robert Bottel left this week for O'Brien, Oregon where they were transferred by the state department of agriculture to be at the quarantine station on the Grants Pass highway. Bottel was replaced at the local quarantine station by W. C. Gage, a former Truckee resident who with his wife has returned to make their home at the station on the Reno road.

MOTORISTS WARNED OF TIRE INSPECTION

Motorists are again warned that February 23 is the last day upon which they may have their tires examined and approved by official OPA inspectors if they possess either a B or a C card or buy gasoline in bulk. The deadline for A card holders is March 31.

B card holders thereafter must have tires inspected every 4 months that is June 30 and October 31. C card holders must have the inspection made every three months on May 31 and August 31. Holders of A cards must have their tires inspected every six months or September 30 and March 31, 1944.

COUNTY SHARES IN REGISTRATION FEES

An appropriation of \$594.82 for Nevada County in motor vehicle registration fees was announced in Sacramento this week by Gordon H. Garland, director of motor vehicles. The amount covers Nevada county's share of registration fees for the last six months of 1942 and brings the total appropriated to the county for the year up to \$9,803.24. It is based on fee paid registrations of 6806 vehicles.

Registrations for Nevada county were divided as follows: automobiles 5,776; trucks, 669; motorcycles, 15; solid trailers, 2; pneumatic trailers, 344.

All the moneys collected will be used for road building.

Forestry Lessons Will Be Offered Citizens

Guerdon Ellis, supervisor of the Tahoe National Forest, and H. E. Kjolrie, superintendent of the Nevada City Unified School district, have announced tentative plans for the formation of an adult class in forestry.

The training will be given in the Nevada City high school and will be open to men and women interested in forestry or in summer employment with the forest service.

Cooperation In Rationing Asked As Plan Ready

Registrations Will Be At Board Office In S. P. Hotel

Frederic Carroll, field coordinator with the Office of Price Administration in Reno was here yesterday to instruct local War Price and Rationing Board members in the procedure of the registration for point food rationing to get under way Monday at the board's offices in the Southern Pacific Hotel.

The registrations will be open each day from Monday through Saturday between the hours of 9 a.m. and 6 p.m. Anyone not having War Ration Book No. 1 is asked to obtain one, under a new ruling which permits their issuance before Monday.

Volunteer registrars will receive instructions at a meeting this week, probably tomorrow night.

Citizens of this community were urged by members of the board to give full cooperation in filling out and presenting the consumer's declaration form required to obtain War Ration Book No. 2.

The forms will be published in newspapers in advance and these forms should be cut out and used by consumers in making application. Those who fail to get one from the newspaper may obtain one at the board office, although the supply there is limited. This form is mostly self-explanatory.

Do not declare any home-canned commodities, olives, canned meat or fish, pickles, relishes, jellies, jams, preserves, spaghetti and macaroni.

To be declared are bottles and cans (8 ounce size or larger) of commercially packed fruits, vegetables, juices and soups, chili sauce and catsup owned on February 21, 1943.

Five surplus cans of these items, over 8-ounce, will be allowed each member of the family and need not be declared.

Also to be declared will be the pounds of coffee on hand November 28, 1942, minus one pound for each member of the family over 14 years of age.

The declaration form required is printed on the back page of The Sierra Sun today. It may be filled out in pencil so that changes may be easily made later if required.

While many boards are registering consumers at school sites, it was believed that the board offices would prove more convenient and at the same time not disturb the schools.

TRUCK OWNERS ARE URGED TO FILE FORM

L. R. McNamara, Sacramento district manager of the office of defense transportation, today said to avoid waiting and confusion, the office urges all commercial vehicles not to wait for the deadline for tire inspections—February 28.

McNamara also pointed out that owners of commercial vehicles must report all idle trucks to the ODT. Report forms CWN-3 are simple and comprise only eight questions for reporting idle equipment. They may be obtained from the Sacramento district office.

Half-Million Birds Are Released by State Farms

SAN FRANCISCO, Feb. 18.—Since the inception of the present game farm program in 1926, 500,411 birds have been produced and distributed by the state farms operated by California Division of Fish and Game at Yountville and Los Serranos.

According to a report of August Bade, chief of the bureau of game farms, a total of 362,207 pheasants has been released from the farms; 50,752 partridges; 1,975 turkeys; 4,844 reeves and 80,633 quail.

Kern county received the largest number of the birds.

Reports for Duty

Miss Florence Vernon of Tahoe is leaving for San Francisco where Saturday she will report for active duty in the WAACS.

Has Birthday—

Nick Sassarini shared his birthday with an illustrious American when he reached his 18th birthday on February 12. Nick registered for selective service the following day.

FORMER TRUCKEE FAMILY FEATURED IN OREGON TRAGEDY

KLAMATH FALLS, Ore., Feb. 18.—Sheriff Lloyd Low reported Mrs. W. E. Titus, 50, was shot fatally and her husband, the justice of the peace at Bly, Oregon, 50 miles east of this city, was wounded critically.

Low said Titus, taken to a hospital at Klamath Falls with three shotgun wounds, told the officers his wife shot at him and he took the gun away from her. Low said evidence indicated Titus' wounds were self-inflicted.

The sheriff said he received a long distance call from Titus at 5:20 a.m. Monday morning. Titus told him to get the coroner and come to Bly, indicating he and his wife would be dead when they arrived.

Low said he remonstrated with Titus, then called the Bly constable, Willis Pankey, and an Indian service officer in Beatty near Bly in the hope they could intervene. He was unable to get either call through.

In a short time Low received a call from Pankey telling of the shooting.

The Tituses are former Truckee residents and are well known here.

PRICES FROZEN ON MILK AND POULTRY

SAN FRANCISCO, Feb. 18.—The Office of Price Administration has served up welcome food cost news for householders of the Pacific coast.

Briefly it is this: Consumers in five western states will have to pay no more for their milk, at least until the next order comes along, than the top price for January 1943.

Effective Tuesday, broilers and fryers will be governed by a revised maximum regulation which the OPA said will result in a sharp reduction of prices for the two poultry items.

RECAPING WILL BE PERMITTED IN RULE ON MARCH 1

The following telegram was received by the local War Price and Rationing Board this week regarding the recapping of private automobiles:

To encourage recapping as against replacing tires and to reduce the work load of local boards, rubber director requests that we discontinue rationing of Grade F comeback about March 1. This will permit any person, including operators of light trucks, to have his own tires recapped with passenger type comeback without local board authorization. Since passenger car operators are already eligible for recapping, very little increased drain on reclaimed rubber stockpile will result, and public will be saved from many trips to local boards. Rubber director assures us of sufficient supply of comeback and adequate facilities to support this program at annual average of 5000 miles per car. Factory molds will be used if necessary.

This step made possible only by the present rigid restrictions on gasoline usage. Unless such restrictions continue to be rigorously applied by all local boards so that we reach and maintain a 5000 miles average, this program may have to be withdrawn. No relaxation of eligibility for tires or gasoline can be permitted since the rubber shortage continues to be acute.

ROTARY HEARS TALK ON CLUB'S HISTORY DURING LOCAL MEET

With G. E. Hofmann as program chairman and V. E. Pearson, vice president presiding, the Truckee-Tahoe Rotary club Monday night observed the 38th anniversary of the club's founding. In tracing briefly the growth of Rotary, the chairman said: The first Rotary club was formed in Chicago on February 23, 1905 by Paul P. Harris, a young lawyer, who suggested the idea to a group of his friends and with them organized the club.

Since that time, the idea of Paul Harris and his friends have become ideals which are not confined to any one group, one community, or even one nation. They have been accepted by men of practically all nations, of all political and religious beliefs. Rotary has grown in an amazing fashion during the 38 years and today there are 5,100 Rotary clubs in more than 50 countries, with a membership in excess of 205,000.

Many other interesting facts on Rotary were told of by the speaker and the program was thoroughly enjoyed.

Mr. I. F. Lewis of Reno and Mr. Robertson of Price, Utah.

: Sun : Beams

by WALTER M. BARRETT

We are naturally not at all pleased with all this rationing of foods, tires, shoes and what not, but if it is going to help end the war or even shorten it, we are not going to offer a complaint. That is we are not going to complain if our fighting sons are reaping the full benefits of the rationing. It is a small sacrifice we are making compared with what the boys are going through on the many war fronts. So let's all take this new rationing in as good spirit as we can and hope that it will mean less suffering and privation for our armed services and quick destruction of the enemy.

In sponsoring a Student Speakers' Contest, we believe the Lions Club is accomplishing a really worthwhile purpose. We have personally seen the results of these contests and know they go a long way in establishing confidence and ability in the boys and girls participating, whether they win or lose individual contests.

And on the topic of service clubs, we would like to congratulate the Rotary for its observance of 38 years of successful progress. Service clubs are as American as America and we should be proud to live in a country where they are permitted to accomplish the work they are doing daily.

There is only one objection, and we perhaps shouldn't classify that as an honest objection, to plowing the snow off the main street—it leaves last summer debris exposed. Believe us, we would rather have the debris, but wouldn't it be slick if we could for once avoid both the snow and the lunch leavings, bones, bottles and bags?

TELEPHONE CO. TELLS POLITICAL POLICY FOR MEN IN ITS EMPLOYE

In order to correct any public misunderstanding regarding its position when any of its employees engage in political activities or hold public office, The Pacific Telephone and Telegraph Company issued today the following statement:

The Pacific Telephone and Telegraph Company does not engage in politics, nor does it take sides on political issues or with political parties or candidates.

Under the Labor Code of the State of California, the company cannot prevent its employees from engaging in political activities or from seeking public office. Section 1101 of the Labor Code, provides:

No employer shall make, adopt, or enforce any rule, regulation, or policy:

(a) Forbidding or preventing employees from engaging or participating in politics or from becoming candidates for public office.

(b) Controlling or directing, or tending to control or direct the political activities or affiliations of employees.

No employee shall coerce or influence his employees through or by means of threat of discharge or loss of employment to adopt or follow or refrain from adopting or following any particular course or line of political action or political activity."

Nevada County Officials Pay Visits To Truckee

Wednesday was a red letter day for Truckee when Nevada County officials came to the mountains. R. N. McCormack, county clerk with J. T. O'Connor, county surveyor, arrived here to check county equipment and just missed Supervisor Alex Robertson, who went to Nevada City. Charles Ingram of the welfare department was here on official business and District Attorney Ward Sheldon with Russ Farley of the state board of equalization were also visitors from the other end of the county.

Has Operation—

Truckee friends will be pleased to learn that Lester (Sharkey) Foster underwent an operation in the University of California hospital in San Francisco and is recovering nicely. He hoped to be released with the next two weeks and will be greatly improved.

IT PAYS TO ADVERTISE

Movie Company Will Film Scenes In Truckee Area

20th Century Company Will Shoot Winter Shots Near Here

Truckee may gain some of its old reputation as an ideal location for moving picture locations if plans by the chamber of commerce continue to bear fruit.

The second company to invade this area for ideal winter scenes in the filming of first run pictures will arrive here on February 22, according to a telegram received by the local chamber this week from Twentieth Century-Fox which has selected locations in this district for a new Sonia Henie picture.

The Universal Company which occupied Soda Springs and Rainbow Tavern in the filming of shots for a new Abbott and Costello picture, has returned to Hollywood.

The new company expects to be in Truckee from two to three weeks, depending upon conditions and will have a crew of some 20 members. None of the principals are expected here.

Arrangements are being made by C. Edmunds, chamber manager, to locate local skiers and other necessary extras who will be engaged by the company.

Director John Bramm, accompanied by B. J. Carr the unit business manager and Cameraman Clark were here this week and with Edmunds surveyed the various locales and decided upon Truckee over other areas they visited.

MORE TRUCKEEITES SURRENDER KNIVES FOR BOYS IN SOUTH

Earl Johnson, Verne Shattuck, Robert Luck and Charles Pierce gave six knives for the use of the fighting men in the jungles this week. Pierce is sending one direct to his son, Charles, Jr., now in New Guinea and is sending one formerly used to skin coyotes and a third which he had made from a bayonet he used in the first world war. The bayonet was revamped by Tony Ghirard and the latter has volunteered to make over bayonets and provide the handles for anyone who wishes to contribute them to the cause.

Luck also proved that necessity is the mother of invention by making a razor sharp blade by hand from a large file and topped it off with a handle four inches in length. He burned his name and address on the wood after blowing the blade to a rich blue color with a torch. If he can find materials he plans to make more knives to rip the japs.

Federal Tax Man To Assist Locals Here Next Monday, Tuesday

For the convenience of those who are required by law to file federal income tax returns, a deputy collector of internal revenue will be at the Riverside Hotel in Truckee Monday and Tuesday, February 22 and 23 to assist taxpayers in preparing their returns. No charge will be made for this service.

You are required to file a return if your gross income is \$500 or over and you are single (or married and not living with husband or wife), or if you are married and living with husband or wife and your gross income is \$1200 or over.

A simplified return, Form 1040A has been provided and may be used if gross income on the cash basis for the calendar year 1942 is not more than \$3000 and if such income consists wholly of salaries, wages, other compensation for personal services, dividends, interest or annuities. However, Form 1040 may be used if desired. Returns must be filed by March 15.

LODGE LEADER IS SINCERE IN OFFICE

Mrs. Lee Garner, former resident of Tahoe City, now residing in Carson City, really takes her lodge seriously.

Recently Mrs. Garner was elected most excellent chief of Summit Temple No. 79, Pythian Sisters and in order to fill the post to which she was elected Mrs. Garner comes to Truckee on meeting nights to preside and take part in the activities of her lodge.

Nevada County Now Has 995 Men Under Arms With 4,516 Registered

According to a report by M. A. Morrison, clerk of Local Board No. 22 of the Selective Service System, Nevada County has contributed 995 men to the armed forces.

The number of men registered in the Nevada County office at Nevada City totals 4,516. Enlistments from the county total 417 and 578 have been inducted. About 22 per cent of the eligible registration are now in the services.

At present there are 141 potential 1A men and a total of 228 1A ready to go within the next few weeks. The number of 1A correctibles is 29 and 142 have been deferred because of occupation. There are 372 in 3B, deferred because they are vital to the war effort. There are 23 deferred because of farming and 1,822 in the 3A classification.

TRADE IN TRUCKEE

Tahoe Briefs

Words received by friends at Tahoe last week informed them that Mrs. Sibyl Yeakel, widow of the late Lloyd Yeakel of Lake Forest, is in Peralta Hospital in Berkeley undergoing observation. She was rushed there by her sons when threatened by appendicitis. Her many Tahoe friends wish her speedy recovery.

M. and Mrs. Winslow, caretakers of Chambers Lodge are still engaged in cutting ice from McKinney creek. It is clear and free of leaves and is close to six inches in depth. Mrs. Winslow is helping her husband in the process.

Miss Margaret Luhrs, niece of Mr. and Mrs. C. W. Atherton of Fallon and Tahoe reports that she has completed her tests and received her nurses cap. She was in training at St. Francis Hospital in San Francisco. She was chosen as one of six nurses appointed to serve as hostesses at a tea given there during a recent social afternoon.

The stalled telephone truck which has stood at Kings Beach for some days was liberated Saturday when a crew, driving as far as Kings Beach from Nevada, employed 500 feet of stout cable and a winch to finally drive it out to Tahoe City. After terrible struggles with the snow filled highway, the big truck, which has a high clearance was finally brought out without damage. The crews started at 8 a.m. and arrived at Tahoe City around 7:30 that night.

Mr. and Mrs. Stanley Martin Friday evening entertained at an evening of cards at their home near the bridge in town. Two tables of auction bridge filled by Mr. and Mrs. W. A. Simmonds, Mr. and Mrs. E. H. Pom-in, Mr. and Mrs. Weller Atherton and the Martins. Dainty refreshments were served later in the evening, with prizes awarded high scorers.

Harry McArthur of Auburn was a recent visitor at the Walters home on the Truckee near Rampart Station. He made a tour of inspection while here and did some snow shoveling.

MOUNTAIN MEN ARE NEPDED BY ARMY

TAHOE CITY, Feb. 18.—Constable Harry Jahonson of Tahoe City last week received information for immediate release from the Office of the Army Ground Forces, commanded by Lt. Gen. Leslie J. McNair, relative to the enlistment of boys, 18 or older into the Mountain Troops at Mountain Training Center, Camp Hale, Colorado. Any youth interested in this branch of the service should fill out a questionnaire while waiting for induction. An applicant may also fill out a questionnaire and ask his local board for immediate induction.

The applicant need not be a skier or mountaineer. Any young man who is first class material is eligible to apply. Those best suited for the life of a mountain trooper would include men who have been trappers, packers, guides, prospectors, timber cruisers, rock climbers or others who are able to take care of themselves in the wilderness; also good skiers and those who are physically fit for the rigorous mountain training.

Complete information is available through Constable Johanson or the local draft boards.

Mr. and Mrs. Robert Wallace and daughters, Jessie and Georgia from Truckee spent the weekend at the Charles Swanson home in the Sunny-side district. Since highways are closed south of town, means of transportation was an outboard motorboat. Some interesting games of pinocle were enjoyed during the visit. Jimmy Swanson accompanied the Wallace family back to Truckee late Sunday afternoon and the group attended the showing of Wake Island at the Donner Theater that night.

Mrs. Myrtle Gallinger, principal of the Tahoe Lake School plans to return to Tahoe by February 22 to be on hand for the food point rationing which goes into effect soon. An attempt will be made by the committee in charge to use the local community hall instead of the school auditorium for registering. Since the road is not cleared of snow to the schoolhouse, access to the community hall would be much simpler for Tahoe resident.

Dick Carnell and Rex Tollefson who have been working for the S. P. company in Truckee returned to the Tollefson home at Tahoe Sunday to have dinner with the family.

C. A. Tollefson is now in Auburn for an indefinite time where he is engaged in the real estate business. He visited in Sacramento briefly last week.

CHAPLAIN RUNS WINCH

LOS ANGELES (UP)—While a Navy chaplain is credited with having originated Praise the Lord and Pass the Ammunition, an army chaplain in Alaska—a former pastor of the Figueroa Blvd. Christian Church here—is credited in a letter just received with having volunteered for an emergency longshore crew in unloading a ship. He took the winch driver's seat and is declared to have done a professional job at it. He is Rev. Joseph M. Applegate when at home.

FILES OF BILLS OF LEGISLATURE NOW AVAILABLE HERE

Copies of all Senate and Assembly Bills introduced in the legislature at the recent session are now on file at the office of The Sierra Sun and Truckee Republican where they may be studied by anyone interested. The file of bills were sent to this office by Assemblyman Scoop Thurman. In the two are some 80 bills affecting the fish and game laws of the state.

READ THE ADS, TOO

ENVY OF MAN AND BOY

SAN DIEGO, (UP)—Mrs. Gene Pirazzini of Valley Center is believed to be the first woman in the world to have attained what at one time or another has been the ambition or burning desire of every city-bred boy and man. Not only has she qualified as a fire truck driver but she already has had her first baptism of fire. Now at the stroke of the alarm, she has the right to jump into the driver's seat, turn on the siren, set the gong going and then, stepping on the accelerator, go careening down the traffic-cleared streets while the men and boys aligned on both sides ogle her with envy and jealousy.

BUY MORE WAR STAMPS and BONDS TODAY...

Carry on a **VICTORY DRIVE** in your **KITCHEN!**

BUY WISELY Read food advertisements carefully. Then plan your shopping. Select foods that can carry-over into a next day meal. Utilize outer stalks and leaves from vegetables. Take advantage of canned goods specials. It will pay you to become market-wise. Follow radio tips of what crops are in. Buy what is plentiful and lower in price.

PLAN NUTRITION MEALS Plan your meals for the entire day so that every day your family will eat the eight essential foods recommended by Government health experts. Nutrition is not a wartime fad. Nutrition is a matter of getting enough of the right kind of food for health and fitness. Cook foods properly to keep them brimful of health-vitamins.

TAKE CARE OF YOUR RANGE Your present range is valuable. Take care of it. You may have to use it for a long time. Keep it cleaned up at all times. Be careful about chipping or cracking its enamel surface. Tenderize meats with low-temperature roasting. Save fuel with slow-boil, steam-through cooking.

LAKE TAHOE NEWS

(BY SWANEE)

Telephone Tahoe City 66J

TAHOE LETTER

To the Service Men
From SWANEE

Tahoe City, Calif.
February 18, 1943

Dear Tahoeites:

It's Sunday again, and what a beautiful day it has been! From early this morning till moonrise tonight the lake waters have remained calm and unruffled, the snow covered mountains along the Nevada shoreline reflecting their quiet splendor on Tahoe's surface as in some giant looking glass. The first part of the past week was an entirely different story, however, as out of towners struggled valiantly to keep their small outboards upright.

Monday last both J. E. Pomin of Idlewild and Charles Swanson of Sunnyside needed every mite of their store of experience to buck the stiff wind which sent the waves rolling in to shore dangerously swift and covered them generously with dancing whitecaps. It took Swanson three hours to row three miles home when rough water entered the motor's carburetor and froze its action. Pomin too rowed valiantly, but in vain, against the high wind which suddenly swept the lake and crippled his kicker, and made the safety of shore and home only after his neighbor, Otis Hursey from Kaiser's, went to his aid in an inboard motor. Both are oldtimers and well able to take care of themselves on the water, but these sudden Tahoe squalls are something else again to reckon with!

Month of Note

February is a month of note, having three special days all pleasant to remember—Lincoln's birthday on the 12th, Valentine Day on the 14th and Washington's birthday on the 22nd.

From what we observed little money was spent this year on Valentines even the youth of the community seeming to realize the foolishness of spending needless dimes which might better be invested in war bond or stamps. And perhaps by this time next year we will all be holding the birthdays of these two famous men

in far greater respect, with a deeper appreciation of their sterling words of wisdom handed down to us in an earlier crisis in the history of our great nation. Through the fire, blood, sweat and tears of this, the world's most tragic war, the deep significance of their ageless messages may be enhanced a thousandfold.

Pays Respect to Hero

Thi sweek I want to pay reverent respect to the memory of Tahoe's second handsome young hero, Howard Park, Jr., 22, killed last February 7 in a training plane crash at Merced. His mother, Mrs. Helen Slater, the former socially prominent Mrs. Hardy Clark Park of the Peninsular, built and occupied with her family, for several years a lovely lakeside home at Tahoe Park, now the property of the Rudolph Zimmermans of San Francisco. Howard, the eldest son, rode horseback, hunted, fished, and swam at Tahoe and attended local schools with his brothers and sisters. His wealthy maternal grandparents, Mr. and Mrs. Edward H. Clark of New York and San Francisco, educated the children in the best of private schools, Howard being a graduate of Hill's School for Boys in Pennsylvania in 1939. After completing Stanford he worked for some time at Lockheed in Southern California where, no doubt, his love of planes and flying was born. Howard and his brothers, Charles and James, both privates first class with the U. S. Marines overseas at the present, for several years assisted their mother on her large Minden ranch where thoroughbred horses were raised, and at Zephyr Cove on the Nevada shores of the lake where she leased the riding concession for several seasons. Only last summer Howard served as desk clerk at Tahoe Inn for Carl Bechdolt, glad to find an excuse for lingering a little longer at his favorite vacation spot. Despite his youth he was well educated and had a brilliant future in prospect, and although there are five sisters and brothers left, his passing will leave a painful void in the family circle.

To our old neighbors and very good friends—the Slater family—we extend deepest sympathy—and to Howard—solemnly we salute you!

Droste Reported Ill

We learned yesterday that another oldtime Tahoe resident, Henry F. Droste, now in Oakland with his family for the winter, has been critically ill at his home with pneumonia. Latest reports from his bedside indicate that he has passed the crisis and is now on the road to recovery, we re happy to report.

Stan Martin of the Sierra Pacific Power Company Saturday drove his wife and young son, Stan, Jr., as far as Sacramento, Mrs. Martin continuing on to Merced where she will be the guest of her brother in law and sister, Second Lieutenant and Mrs. M. B. Gaylord for a week or ten days. Lt. Gaylord is an instructor in the air corps at Merced. Martin declared he especially enjoyed the trip after passing Colfax for the trees and grass offer a bright, green panorama most refreshing after week on end of snow and icicles here. Flowers are beginning to bloom too and within another week the whole floor of the valley will resemble an old fashioned flower garden in the spring. In Sacramento the weather was too hot to wear a coat! These brief trips away from Tahoe offer us natives excellent training in will power, for it takes more than a little of it to return again to this wintry landscape—and remain contented.

Suffer from Storm

Another pair to suffer from the storm last week were Charles Spaulding and his assistant, Jerry Miller, telephone men who made the trip to Emerald Bay on skis with equipment to mend broken lines and re-

THE LAKE LEVEL

The lake level Monday morning stood at 6228.27 with approximately 1700 CSF of water leaving the dam gates. The storm of February 7, 8 and 9 brought 1.31 inches of precipitation to the region. Snow on the ground Monday at Tahoe City measured 27 inches, according to Mr. Simmonds, with greater depths in the outlying districts south of the town.

store communication. They were forced to seek shelter at the Rubicon Lodge home of Captain Hans Hansen, spending the better part of three days in that vicinity. When the weather cleared sufficiently to use a motorboat with safety, he brought them back to town.

We learned today also that the Nevada highway department has opened the highway on the north end of the lake from the state line to King Beach in order that the telephone crew can make repairs on the north end lines. Another bunch of unsung heroes are these harry linemen who through fair weather and foul keep the wires open for service—despite freezing temperatures and tough going.

I read in the paper where Martin Arrouge, well known at Tahoe where he has numerous friends, has completed his year's course in the air service and obtained his pilot's license and instructor's rating in four months at Phoenix, Arizona. Last week he donned his new uniform and left for Corpus Christi, Texas, where he goes into naval training school. Norma Shearer, his wife, is inordinately proud of her husband and after a short visit with her children will follow Marty south, remaining until he finishes his school there.

Welcome News

I have very welcome news for any of you boys from the Tahoe-Truckee area in service who plan to visit in the vicinity of Santa Barbara. For last week Mr. and Mrs. Dave Chambers, owners of the Hotel Samokand at Santa Barbara, Hotel Woodland in Woodland and Chambers Lodge at Lake Tahoe, wrote me asking that I notify you to get in touch with Mr. Chambers when on leave in that area. He wished to extend an invitation to those boys on pass for a weekend at Samokand. If it's only HALF as lovely as the folder indicates I can promise you your week end will be unforgettable. I think it is a lovely generous gesture on the part of the Chambers and an excellent manner in which to inject exceptional pleasure into the staid lives of you service men. I only hope that some of you will be fortunate enough to be able to take advantage of it. And to you Phila and Dave, many thanks. Warm praise was given the Service Letter by Mr. and Mrs. Chambers who find its contents of much interest. Dave's letter was filled with items of interest relating to the former good old days at Tahoe which I will share with you next week, as space grows short. He also asks to help in getting the Sierra Sun to some of the boys in the service who may not be receiving it. Will tell you more of this in a later letter.

Must close my letter for this week, but not before I mention the observation of Boy Scouts of America's 33rd birthday—celebrated February 6 to 12. A huge percentage of the nation's service men are former Boy Scouts, one of the finest character building organizations in America. Their birthday slogan is a good one for us all—Toughen Up! Buckle Down, and Carry on to Victory.

Good luck, good health and happy landing to you all!

Here's to Victory in '43.

Yours,
SWANEE.

—FOR VICTORY :: BUY BONDS—

For years, Americans have been the world's most active telephone users. To maintain and steadily enlarge the Nation's network of Long Distance lines calls for huge amounts of metals and other materials.

Now those materials have gone to war. For "the duration," the telephone network must get along with about what it has. The soldier with his portable telephone in Africa, the marine with his rifle in the Solomons, the pilot over the Aleutians, need copper, steel and other things—need them more than their fellow-Americans do at home.

Because more telephone lines cannot be built at this time, we make this request:

To the places that are busy with war work, please make only Long Distance calls that are vital.

For your understanding and continued aid—our thanks!

Church Notes

Community Church
Mrs. Hazel Brandlin in Charge
10 a.m. Sunday school session. Let's get a new start at Sunday school and church service. In these times of war and turmoil we need more than ever a spiritual foundation.
11 a.m. Morning worship this Sunday will take a little different form. It is Layman's Day, which means that the members of the congregation are to conduct the service. Mrs. Stewart and Mrs. Mulcahy will take definite part and it is expected that there will be a third speaker also. The general topic will be that of world reconstruction and the part Truckee may play in that program.

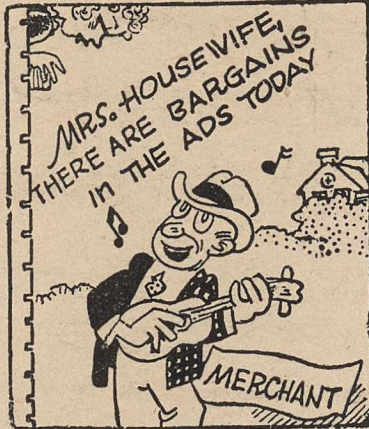

BE PREPARED FOR THE UNFORESEEN

New Family Here—
Mr. and Mrs. G. W. Ballard and small child have moved into the Whitten home on Trout creek. Ballard is employed by the Southern Pacific.
Living in Oakland—
Mr. and Mrs. Dallas Brown are now living in Oakland and the former is employed by the Coca-Cola Co. and Mrs. Brown is employed in the office of a chain department store.
In Nevada City—
William Bottcher accompanied Alex Robertson to Nevada City on business Tuesday.

Four of the younger ladies are planning a musical number and there may be other special features. Be sure and come.
The afternoon of the fourth Thursday of the month will be devoted to the meeting of the Ladies sewing group at the parsonage. All friends interested in the progress of the little church and its auxiliary must be sure and attend.

Leave for Valley—
Mr. and Mrs. Dave Cabona left Tuesday for Bakersfield where the former will receive medical treatment. Mrs. Cabona returning soon to take charge of their store here.
In Auburn—
C. E. Smith, chairman of the board and C. Edmunds, manager of the Truckee Public Utility District, were official visitors in Auburn on Wednesday.
Leave for Sacramento—
Mr. and Mrs. Ed Lowell, who have been living here for the past year while Lowell was working on the helpers for the Southern Pacific, are now living in Sacramento and he is back on the main line run from Roseville to Sparks. They made a host of friends here and will be missed.
Now in Berkeley—
Mr. and Mrs. Phil Geier are in Berkeley where the former has a good position in war work. They say the housing situation is acute and they are looking for an apartment while staying with friends. They are planning to return to Meeks Bay at the close of the war.
Hurts Back—
Miss Yvonne Joseph fell at Auburn recently, hurting her back, but is recovering from the effects of the fall.

Substitute Teacher—
Miss Olga Owens Monday left for Challenge where she is substituting for a teacher in the elementary school.
Homewood People Move—
The Ben Callenders, popular owners of the Hut at Homewood, have moved from Santa Rosa to San Francisco where the former is employed.
Business Men Here—
R. E. Anderson, district manager of the Standard Oil Company from Reno with Earnest Pinelli, former Truckee representative for the oil concern, now traveling in Nevada and part of California, made a business trip to Truckee Wednesday en route to Auburn.
